

Planning a birthday party for your child is not a simple matter. In addition to deciding upon a theme that compliments the birthday celebrant's age and personality, there are seemingly endless decisions to make regarding a venue, the invitations, the decorations, party favors, party activities, party refreshments, etc. In short, it can lead to serious headaches, wasted time and a less-than unique and non-enjoyable experience for you and your birthday celebrant – and the only lasting memories are the overspent money and the unnecessary stress. This is exactly why **KitchenKids!** invites you to consider our alternative to the run-of-the-mill birthday party experience

KitchenKids! Global Tasting Adventures! Birthday Celebration

Just what you're looking for, it you want your child to have fun-filled, memory-making birthday party – not just the kind that involves spending a lot of money to take your child and her/his friends somewhere to play arcade games, be a pirate or a princess or celebrate cartoon characters. It's the kind of party that will:

- ✎ be affordable
- ✎ be easy to manage before and during the event;
- ✎ involve all of the children attending the party in the fun;
- ✎ be a “one-of-a-kind” event that everyone will remember; and,
- ✎ create a positive memory that's guaranteed to last, for the rest of your child's life.

At **KitchenKids!** our mission is to help parents, educators and communities grow kids into adults who will think children...think frugal...think inclusion...think humanitarian & pay it forward. Our custom-designed birthday celebration is carefully crafted to educate and entertain while providing your birthday celebrant with an opportunity to be the star of a truly unique *edutainment* experience, engaging her/his friends in a memorable event that allows them to leave a sustainable humanitarian footprint in their local community.

In a nutshell, it's a party with a purpose!

When it comes to a child's birthday celebration, there's nothing the party girl or boy loves more than being at the center of everything and knowing that the other attendees are having a good time and not being bored. And all parents want to ensure that their birthday celebrant plays a starring role at his/her own great party.

PAY-IT-FORWARD SCRIPT & **KitchenKids!** FITNESS RAP

- I'd like to thank all of you for celebrating my birthday with me and for all of my wonderful birthday presents. Now I'd like to give each of you a present of a year-long **KitchenKids!** membership so that you can celebrate more learning adventures after my party is over!
- (Present party guests with membership slap bands). All of us will be able to visit **Cool Beans iNews** – the **KitchenKids!** website any time we want and the address to the website is on your membership band.
- The reason why I asked you to bring canned foods is because, now that we are **KitchenKids!** members, we are connected to other kids and we have a responsibility to share our happiness with them. The canned foods you brought today are going to be donated to _____ food pantry in my name so that other kids will know that **KitchenKids!** care about one another. Thank you for helping me share my special day with so many other children.
- Let's end the party by doing the **KitchenKids** Fitness Rap!
